

M&S OGIER D'AMPUIS

Domaine Stéphane Ogier is a family history with a great passion. Based in Ampuis for many generations, the family has always worked in the Côte-Rôtie vineyards. Taking over from his father Michel in 1998, Stéphane choose to work very precisely on their different terroirs to reveal the unique characteristics of these historical plots.

Côte-Blonde, But de Mont, Lancement, Côte-Rôzier, Champon, Besset... The estate vineyards are a rich mosaic of parcels in the heart of Côte-Rôtie. Its diversity of soils situated in the most northern part of the Rhône Valley gives an incredible finesse to the wines. Every year, They do their best to reveal the purity and elegance of this appellation. The range of wines they offer is true to their roots and represents, for them, the culmination of a long history and the passion they have for our work and their wines.
